

VM900 Single Band Offering / End of life

Effective Release: 04/01/19

FSB-0401-VM900SB

With the introduction of the VMx000 series mobile radios and the ongoing new product introductions and feature enhancements on this platform, EFJohnson is announcing the end-of-life of VM900 single band only offering. EFJohnson will stop offering single band variants of the VM900 (7/800 MHz only) and VM900 (VHF only). The VM900 Dual band (7/800 MHz + VHF) configuration is an active product and does not currently have any end of life plan.

The following models are discontinued effective on the dates indicated in Table 1:

Part Number	Date	Description
242-5B1x-xxx-xxx	04/01/19	VM900 VHF only, Dash and Remote Mount, VCH
242-5B7x-xxx-xxx	04/01/19	VM900 7/800 MHz only, Dash and Remote Mount, VCH

The following models can be used as replacement models:

Part Number	Description
VM6730BF	VM6000 VHF, VCH
Vm6930BF	VM6000 7/800 MHz, VCH
